Miss Goodpasture has been on sick leave since July 1972 awaiting medical retirement in October 1973. She is a charter member of the Agency having entered on duty from OSS and its successor organizations. Her career is highly distinguished by virtue of consistently strong to outstanding performance, all of which is fully documented.

Standing performance, all of which is fully documented.

In addition to several staff and desk assignments, Miss Goodpasture served in support of the successful coup against the communist government in Guatemala in 1954 and completed tours of duty in and Mexico City. Undoubtedly, the high point of her career occurred during her service in Mexico City from 1957 through 1970, where she served as a "trouble-shooting" case officer for the incomparable Winfield Scott (deceased), who was then the Chief of Station. Mr. Scott, a stern task-master, described Miss Goodpasture over these years as "intelligent, hardworking, conscientious, versatile, valuable and unquestionably one of the most competent CI/CE officers he ever had the privilege of working with." Miss Goodpasture's fitness reports were totally consistent with this appraisal, and were characterized by outstanding ratings. In her final assignment prior to acute medical problems, she worked for the CI Staff (October 1970-October 1971), earning the following remarks from her supervisor: "...I venture to rate her overall performance, thirty years of it, as Outstanding. Ann is one of the bugh warp-threads on which this organization is woven, and when she retires the fabric of this organization will be weakened." The reviewing official agreed with the above and recorded his hope that Miss Goodpasture get the official Agency recognition she so richly deserves for the many years she has made substantive.

\$241.00

- 2. Postponing payment will cause the amount due to increase because of additional interest at the rate of 3 per cent compounded annually. However, so long as the amount is not paid, you have the use of this money for other purposes. You may postpone payment until you retire.
- 3. If the redeposit is not made you will receive no credit in the computation of annuity for the period of service covered by the refund. This usually results in a sharp reduction in the amount of your annuity.
- 4. If you wish to make payment for the redeposit period, please make your check payable to the Treasurer of the United States and forward it to the Chief, Retirement Operations Branch, 205 Magazine Building. If you prefer, you may make installment payments or arrange for bi-weekly payroll allotments of \$25.00 or multiples thereof. A receipt showing a statement of your account will be sent to you acknowledging each installment payment.

SUBJECT	*	Administrative Personnel -

- has asked that I state my preference with regard to home leave and reassignment. I will be eligible for home leave in July 1953 but it is not urgent that my leave be scheduled exactly when due. I would like, however, to know what opportunities exist with headquarters and whether I should be looking elsewhere for employment after July 1953.
- 2. With regard to another two year tour of duty in I would prefer a more responsible job than is foreseable here. Now that the station files are set-up and the administrative routine is established, my job, while termed Administrative Assistant, is mainly that of a clerk-typist. The practice in typing has been good for me but I would like to look ferward to a more responsible job for the next tour of duty. For instance, as a GS-9 I am performing the same type job which I did in 1945 at a CAF-4 and a considerably less responsible job than the one performed at headquarters as a P-2. While I have been taking Spanish lessons, I know that I am not proficient enough in the language for an assignment in Latin America, and feel that I would be better off in another area.
- 3. For the benefit of the case officer in assigning a replacement, has suggested that I outline the duties which my replacement whould be trained to perform. The routine can be loarned in the field within two or three weeks.
  - a) Copy typing. About 75% of the time will be taken up with routine typing.
  - b) Index carding. About 600 index cards a week are now being typed for the card files and for the visa section files.
  - c) Preparation of courier mail. Couriers usually go to the border approximately every two weeks but there is no regular schedule, and pouches are semetimes prepared on a few hours notice.
  - d) Communications. The incumbent should have complete training for our codes for he will not have much practice in the field as only two or three messages are transmitted monthly.

e) Photography. At the present time, considerable operational use is being made of a darkroom at my residence. In addition to my own photographic equipment; the station photographic equipment is used there. My replacement should be trained in the use of the duo-printer and in 35mm copy work. If he has no personal photographic equipment, headquarters may wish to issue him a camera as there is only one camera at the station. Most of the copy work has been done with my personal rolleiflex and enlarger.

### f) Administrative Reports.

- (1) Station Funds. He will be responsible for dispensing funds, keeping records and preparation of the monthly accounting reports.
- (2) Property. He will be responsible for keeping records of government property and preparation of periodic reports and inventories.
- (3) Exchange commodities. He will be responsible for keeping records and preparing periodic reports and inventories.
- g) Maintenance of Files. The station files are set-up along the lines recommended by headquarters, and should require little time for upkeep.

JECT <del>:</del>	Ann L. Goodpasture
	Temporary Promotion
-	1. Subject is administrative assistant at our installa-
-4	tion in Due to the increased cost of living in
1	request is made that she be given a temperary promotion
:	from a CAF-7 to a CAF-9. The increase in selary, plus the addi-
	tional cost-of-living and quarters allowances, will be suffi-
•	cient to permit Miss Goodpasture to meet the highly inflated
	cost of living in an impossibility for the past several months.
•	monthia •
	2. A review of subject's reports on living conditions in
	reveals that since her arrival in April, she has had to
	live in temporary quarters on a day-to-day or week-to-week basis.
	The rooms occupied by subject have been shared with at least one
	other girl and sometimes two or three. Bathroom Pastlities are
	also shared with the other occupants of the hotel. During a
	period of several months, subject and her roomests compared a
	nine by twelve room on the fifth floor of a "walk-up" and shared
	a both with four men. This room cost them \$150 a month each.
`	At the present time subject and her roommate are living in a
	single room, without private bath, and for the privilege are
	paying \$ Rs. 200 a week each (approximately \$60.).
	3. In a dispatch dated 28 November, subject stated that
	"I am now spending more than my commined salary and allowances
	to maintain only a moderate standard of living. It appears at
	present that it is unlikely that any permanent quarters will be
	found for unmarried members of the staff since four officers!
	families are en route to ani three such families presently
	in are without places to live. Any accommissions secured
•	through the will of course be made available first to
	the highest ranking officer in need of housing. Amy accommoda-
	tions found through other channels have so far been prohibitive
	in price
	4. In support of subject's statement of conditions she
	attached, at the suggestion, a copy of his
	report to the dates November 7, 1347. Pertin-
	ent pertions of the dispatch here been

excerpted and are enjoyited to this memorandum.

5. Subject's present salary, minus retirement and income tax, is \$105.12 per two-week pay period; her present living and quarters allowance amounts to \$78.45. The proposed increase to a CAF-9 would bring her not salary to \$127.42 per two-week pay period and her living allowance to \$103.07 - a difference of \$46.92 every two weeks. A promotion to a 2AF-8 would be insufficient, since her allowances would remain the same and the salary increase would amount only to \$10.75 per pay period.

Miss Ann L. Goodpasture

Miss Ann L. Goodpasture reported back to SI Washington from Shanghai on 1 April 1946. On the trip back, she developed a rather serious ear ailment, and it is feared that an operation may be necessary. Dr. Thompson of the Medical Division was going to attempt to have her admitted to a hospital Monday night for further attention and treatment. After release from the hospital she will go to her home in Tipton, Oklahoma.

In view of the above facts, we shall show Miss Goodpasture as being on sick leave (approximately one month) until her return to duty, at which time she will fill out the form 71 and any other necessary papers.

Miss Ann L. Goodpasture

Miss Ann L. Goodpasture who returned from Shanghai on 1 April 1946 has informed me that she has cancelled her "Power of Attorney" in writing and that she has not been paid since 9 February.

It is requested that her case be checked and necessary steps be taken to reimburse her. Miss Goodpasture has been a Clerk-Stene, CAF-5, \$2320 with the SI office since 16 Dec. 1945. She departed from Shanghai on 5 March and arrived in Eashington on 30 March.

Miss Goodpasture is being hospitalized immediately, due to a serious ear ailment which developed on the trip back, and will probably be out for approximately one month. Any payments should be mailed to her in Tipton, Oklahoma (no Street address), until further notice.

#### MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Ann L. GOODPASTURE 18 October 1970 - 31 October 1971

To the immense regret of this writer Ann Goodpasture is retiring very soon. It would be silly to rate her competitively against any of her colleagues, male or female, young or merely well-preserved. Concerning her fitness be it recorded that she is very fit indeed to perform any of the tasks listed as her current ones or almost any others I can think of at almost any grade. I venture to rate her over-all performance, thirty years of it, as OUTSTANDING. Ann is one of the tough warp-threads on which this organization is woven, and when she retires the fabric of this organization will be weakened.

COMMENTS OF REVIEWING OFFICIAL:

Miss Goodpasture is indeed a fine officer who consistently turns in a Strong performance when she is not doing an outstanding job. She is an excellent office and project manager who is cost conscious and she is a careful thorough instructor and briefer. Her retirement will leave a great gap in CI/OPS and, as Mr. Johnson has said, in the organization. I hope she gets the official Agency recognition she deserves for the many years she has made substantive contribution to the

### MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Ann L. GOODPASTURE

18 October 1970 - 31 October 1971

To the immense regret of this writer Ann Goodpasture is retiring very soon. It would be silly to rate her competitively against any of her colleagues, male or female, young or merely well-preserved. Concerning her fitness be it recorded that she is very fit indeed to perform any of the tasks listed as her current ones or almost any others I can think of at almost any grade. I venture to rate her over-all performance, thirty years of it, as OUTSTANDING. Ann is one of the tough warp-threads on which this organization is woven, and when she retires the fabric of this organization will be weakened.

Chief, CI/OPS/FE

COMMENTS OF REVIEWING OFFICIAL:

Miss Goodpasture is indeed a fine officer who consistently turns in a Strong performance when she is not doing an outstanding job. She is an excellent office and project manager who is cost conscious and she is a careful thorough instructor and briefer. Her retirement will leave a great gap in CI/OPS and, as Mr. Johnson has said, in the organization. I hope she gets the official Agency recognition she deserves for the many years she has made substantive contribution to the CS.

- I. Course Objectives: to remiliarize the student with the various types of CS operations and with methods and procedures problem to CZ in the field and at Handquarters, to outline CE objectives, and to increase proficiency in the recognition and employetation of leads.
- II. Course Courseteristics: The Counterespionega Course is of three world duration. The courticulum material is presented by means of lectures, seminars, and directed reading. It is divided into sections as follows:
  - A. Introduction (definition of terms, the CI Staff, operational Security and rick assessment, sources of GE leads, CE reporting and records)
  - B. Interrognition
  - C. Foreign Intelligence Services (with emphasis on currently hostile services including a lecture on CE in Linison)
  - D. Penetration and Defection
  - E. Double Agent Operations

During the course each student is required to present orally a CZ case and to submit a written varsion of the case. Exclusions are based on problems, the case analysis presented by the student, and objective tests.

### III. Evaluation

- A. Two double agent problems requiring case analysis. This analysis involves thorough study of the case:
  - 1. To determine areas of missing, inadequate, or questionable information
  - To pick out information which can be checked through other sources
  - 3. To recognize all possible leads 6. To assess the risk involved

  - 5. To propose appropriate action (operational decisions)

COMMENS: Miss Goodpasture's handling of the problems indicated that she is appalle of shrowd midlysis. She overlooked some noints which might have been considered in one problem and dealt with the other problem in too brief caption, but in squeral ter analysis reflected her actual experience and suggested that she is perhaps stronger in analysis than in making operational decisions. She presented a rather complex case and demonstrated that she not only understood the case but was able to give a clear account of it.

Wiss Goodpasture's handling of the problems indicated that
she is espeble of shread analysis. She overlooked some points which
might have been considered in one problem and dealt with the other
problem in too brief fashion, but in general her analysis reflected
her actual experience and suggested that she is perhaps atronger in
analysis than in making operational decisions. She presented a rather
complex case and demonstrated that she not only understood the case
but was able to give a clear account of it.

### Present Positions

At the present time I am working in two placess one position is with the War Relocation Authority in the Placement and Training Unit of the Personnel Management Section which consists principally of clerical duties; the other position is with Congressional Intelligence, a private news service, the work consists of preparing for publication various legislative reports, press releases and current congressional information. The combined salaries amount to \$204, per month.

The Civil Service position which I now have is a grade CAF-3 \$1620. Although I am new doing personnel work, I do not feel that I am utilizing to the fullest extent my experience and educational qualifications and would be interested in transferring to any position for which I am qualified. I would prefer a position with a salary which would not necessitate my being on two jobs at one time.

I have no objection to a secretarial position if it is of a responsible nature, however I feel that I am better qualified for a Junior Administrative, Personnel or clerical accounting position.
